

Only 40 Shopping Days Until Christmas

—Another week gone—40 days seems a wonderful plenty of time, but not if you do not use them, and "The Fair" is ready all over the store to help you do your Christmas shopping now—

"The Fair" Annex

Judge the "ANNEX" Store by the Satisfaction it Gives and the Worth of the Values

It is with particular pride that we point to the remarkable success attained by the "ANNEX" store—not only because we are SATISFIED with its rapid growth and prominence—but because people WHO KNOW have told us of the splendid shopping advantages and unusual economies it affords.

We are proud of the "ANNEX" because it has gained its high rank in such a short time. A condition that could have been brought about only by carrying merchandise of a thoroughly reliable quality and selling it at prices notable for their fairness.

—IF YOU HAVE NEVER VISITED the "ANNEX"—you cannot make more profitable or more pleasant use of a few moments when down town than if spent in viewing the immense assortments of articles that we have assembled here to sell at the unusual low prices of 5c, 10c, 15c and 25c. If you have never shopped in the "ANNEX"—you don't know what real, genuine ECONOMY means.

Men's \$15 Suits

—There is not anything unusual about the price of these suits, for you can find clothes almost anywhere at the same price—but, there is something extraordinary about these suits, it's the quality they contain for the price—and value depends altogether on what you get for the amount you pay. Every suit is hand-tailored from high-grade distinctive fabrics that will give you long and satisfactory service.

—Particularly do we ask you to pay closest attention to tailoring—for it is of that kind that quickly commands itself to the most critical man. Tailoring that means comfortable, well set up appearance and that means, too, that the suit will retain its natty appearance while you have it. There's a fine range of patterns and colors from which to choose, including tartan checks, stripes, nobby mixtures and all-wool, navy blue serge. We don't believe you can equal these suits elsewhere for less than TWENTY DOLLARS—our price \$15.

FIRESTONE FACTORY WILL BUILD ADDITION

Increase in Business Makes It Necessary That Firestone Increase Capacity.

When President H. S. Firestone, of the Firestone Tire & Rubber company, was asked concerning the new addi-

tions to the big plant at Akron, Ohio, he replied, "Our growth, no doubt, seems remarkable but more than any other force our rigid insistence on 'Quality First' in everything connected with the manufacture of our tires is responsible for our vast volume of business."

"We make the very best tires we know how. The best brains, the finest materials, the most painstaking efforts and the utmost care are used in producing Firestones. The one idea of quality is uppermost both in

the factory and in the many places that offer Firestone service."

"Naturally, the public is a factor in our increase, for motorists use Firestones and realize that quality is their foremost feature. The result is more orders and the factory grows that it may keep up with this demand—a logical outcome, and one of which we are justly proud, for our plant is the world's largest tire concern. Quality in production is excellent but when quality goes hand in hand with quantity, there is your ideal combination."

We feel very much gratified in feeling that we are in possession of that combination."

VELIE REDUCE PRICE OF THE 'BUILT-WE' SIX

Velie Company Introduces "Built-We" Light Six in the Thousand Dollar Class.

With the announcement of a Velie "Built-We Six" at \$1065.00 the Velie company entered a field entirely for-

sign to them, as heretofore Velie cars have been much higher in price and were available only to the limited class of buyers investing \$2000.00 or thereabouts in a motor car purchase.

Now with a Light Six in the thousand dollar class, the factory is deluged with orders, the dealer clientele has assumed first rank in quantity production as well as in the quality of product which is naturally expected of them.

Nothing has been skimped, nothing overlooked in building the new six—

with 115-inch wheel base and 40-hp motor, this light Velie covers the road in a remarkable manner. Long underbody springs, real leather and deep cushions, provide a riding comfort usually associated only with high-priced cars.

For over three score years the Velie interests have been building machinery and vehicles, and their present enormous organization has been built up solely on the policy of making the products all they represented them to be and more.
